

Prolong[®] has developed a revolutionary new way to wash, shine, and protect your rig in minutes...simply spray & wipe! No need for buckets, water, or hoses and no mess to clean up. Even removes bugs, tar, tree sap, road film, and bird droppings. Formulated with special lubricating agents to encapsulate and lift dirt particles to clean safely without scratching, leaving a smooth, shiny, water-beading coating. Ideal for exterior paint, chrome, aluminum, plastic, and glass.

Benefits:

- Will Not Scratch Paint
- Cleans, Shines & Protects In Minutes Without Water
- One Step...Wipes Up Dirt, Lays Down Shine
- No Mess...Use Anywhere, Anytime
- Cold or Hot, Use Year-Round
- Bottom Line...Saves You Money!

How It Works:

- Encapsulates Soil By Surrounding Dirt Particles
- Easily Wipes Off Dirt Without Scratching The Paint Surface
- Leaves Vehicle Surface Clean, Shiny & Protected

For Best Results:

- Use More Product For Heavier Dirt, Less If Only Lightly Soiled
- For Tough Stains, Pre-Soak for 30 Seconds Before Wiping Clean
- Best For Use On Light Or Moderate Dirt. Do Not Use On Heavy Soiled Vehicles
- Use As a Follow-up To Prolong Paint Sealant To Keep Your Rig Clean & Shiny
